Madarat tolláról,  
embert barátjáról.

Az hogy kikkel barátkozol  
sokat elárul rólad.

Madarat lehet  
vele fogatni.

Nagyon boldog.

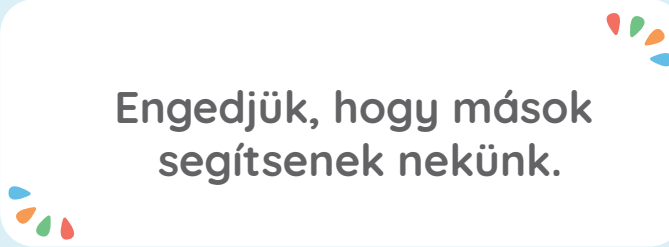

Bagoly mondja verébnek,  
hogy nagyfejű.

Más hibáját előbb  
észreveszi az ember.

Egy fecske nem  
csinál nyarat.

Engedjük, hogy mások  
segítsenek nekünk.

Ritka mint a  
fehér holló.

Ha már lúd,  
legyen kövér.

Sokat akar a szarka,  
de nem bírja a farka.

Sorolj fel  
öt madarat!

Mondj egy  
madarat,  
ami "..."  
hanggal  
kezdődik!

Gágogj,  
mint a liba!

Huhogj, mint  
egy bagoly!

Állj fél  
lábon, mint  
a gólya!

Gurulj mint  
egy alma!

Nőj nagyra,  
mint egy fa!

Melyik  
fának van  
toboza?

Sorolj fel  
öt költöző  
madarat!

Mondj egy  
madarat, ami "s"  
hanggal kezdődik!

Mondj egy fát,  
amely nem  
hullajtja a leveleit!

Mondj egy  
madarat,  
ami "g"  
hanggal  
kezdődik!

Csiripelj,  
mint  
egy  
madárka!

Mondj egy  
madarat,  
amelyik  
nem repül!

Mondj egy  
fát, amin  
gyümölcs  
terem!

Kukorékolj,  
mint a kakas!
